The President indicated nothing s serious than a new Sino-Japese crisis will be permitted to inrfere with the trip on which he pes to start in about two weeks. The swing west will be non-poical, Mr. Roosevelt cautioned, in actly the same sense his famed ip through the drouth area during e heat of the last presidential camign was non-political.

Elaborating his comparison of the ans for the approaching swing ith the previous drouth trip, he dicated he would make only inrmal speeches.

STATE WANTS NFORMATION AS TO HOW MANY

Employers of California who are ubject to the Unemployment Reerves Act are urged to inform the epartment of Employment how any earnings report forms they will eed this quarter as early as posble.

The form, DE 352A, designed as a arbon copy of the Treasury Deartment form SS-2A, will be laced in the mails about September 5, it has been announced.

The earnings data required on the orm will be for wages paid subject mployes during the months of July, August and September. This data ill be used next year to compute enefits for unemployed workers.

Some time ago the department ailed 20,000 employers a short note equesting information as to the umber of forms needed by each emloyer. Less than half of the emloyers in the state have replied to his inquiry.

Printing of 5,000,000 forms is under way at the present time, but the department must use "guess work" largely in mailing unless employers state now how many they will use.

150th ANNIVERSARY of THE CONSTITUTION

1787 — 1937

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Constitution of the United States was signed on September 17, 1787, and had by June 21, 1788, been ratified by the necessary number of States and,

WHEREAS George Washington was inaugurated as the first President of the United States on April 30, 1789,

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, hereby designate the period from September 17, 1937, to April 30, 1939, as one of commemoration of the one hundred and fiftieth anniversary of the signing and the ratification of the Constitution and of the inauguration of the first President under that Constitution.

In commemorating this period we shall affirm our debt to those who ordained and established the Constitution "in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity."

We shall recognize that the Constitution is an enduring instrument fit for the governing of a far-flung population of more than one hundred and thirty million, engaged in diverse and varied pursuits, even as it was fit for the governing of a small agrarian Nation of less than four million.

It is therefore appropriate that in the period herein set apart we shall think afresh of the founding of our Government under the Constitution, how it has served us in the past and how in the days to come its principles will guide the Nation ever forward.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this fourth day of July, in the year of Our Lord nineteen hundred and thirty-seven, and of the Independence of the United States of America the one hundred and sixty-second.

By the President: CORDELL HULL, SECRETARY OF STATE

FRANKLIN D. ROOSEVELT

COUNTY FIESTA IS SAID TO BE GOING TO RADIO

Youthful Entertainer Will Be Heard On First Broadcast On September 18

Arrangements were nearing completion today for a full program of radio publicity to advertise on a wide scale the annual San Mateo County Floral Fiesta, which is to be held at Bay Meadows from September 23 to 26.

First radio mention of the huge show will be Saturday, September 18, when Alvin Masterson, 14 year old San Mateo high school student, appears on Budda's Amateur Hour over Station KFRC.

Young Masterson, dressed in full Spanish regalia with sombrero, scarf and other apparel, will discuss the Fiesta in brief before singing his number. The youth is one of the 200 who tried out for a part in the Fiesta pageant.

Dramatization, excerpts from the annual pageant, and a number of spot announcements about the Fiesta will round out the radio publicity.

Meanwhile, headed by Ruth Lindorff, Daly City girl, Fiesta hostesses have posed for numerous publicity pictures for the Fiesta, the majority of which have been sent to trade journals and magazines throughout the nation. Miss Lindorff is a former Fiesta queen.

Three other north county girls are entered in the roles of Fiesta hostesses. All these three—Patricia Chase, Jeannette Jennings and Kathryn Wilson—are from Lomita Park.

Denials of rumors regarding purchase of costumes for Fiesta pageant roles were issued today by the pageant committee. Actors and actresses in the show will positively not be obliged to purchase their own costumes—the apparel will be furnished at no charge by the Fiesta.

Tonight, at the gym quarters in the Knights of Columbus Hall, San Mateo, the first big rehearsal for the pageant will be held with all actors and actresses together for the first time.

Of the 200 persons in the cast, a large number are from this vicinity.

More people for the pageant and many additional singers are wanted for the Fiesta, i hsbaeneepuitynlincs for the Fiesta, it has been announced.

Tickets for the Fiesta have now been placed on sale. Due to the last minute rush, which last year resulted in almost a clean sweep of the "3-for-$1" tickets, patrons are urged to secure tickets early. Elmer Roberts and Mrs. F. M. Perkins are in charge of sales.

MISS RUTH LINDORFF

Winner of title of "Queen" for San Mateo County's first Floral Fiesta in 1935, will be one of the hostesses chosen for this year's exhibition.

FIVE PERSONS IN CARS SUFFER SERIOUS HURTS

Machine Hits One Auto And Bounces Off To Strike Another Machine

Five persons suffered serious injuries, early Monday morning of this week, on the Bayshore Highway opposite the entrance road to Brisbane.

It is alleged that James A. Gidney, aged 44, of Daly City, was the driver of an automobile which assertedly smashed into one machine and then careened and struck another car.

Gidney first hit the car of Frederick W. Bonse, of San Francisco, then bounced into the machine of Robert Natalie, 62, San Francisco.

Serious injuries were sustained by Mrs. Natalie Healey, 59, of 3233 Anza street, San Francisco, and her daughter, Mrs. Natalie Everett, 7615 Geary street, San Francisco. Both were taken to St. Luke's Hospital.

Minor injuries were suffered by Gidney; Frederick W. Bonse, 1117 York street, San Francisco, and Robert Healey, husband of Mrs. Healey.

Gidney was held under $1000 bond on a felony charge of drunken and reckless driving.

Mayor Proclaims Fiesta Costume

The commendable success and advertising value of the Fiestas held in our county in the past should command the interest of the people of our county in helping to make the 1937 Fiesta a greater and more successful celebration then ever before.

Your support of the San Mateo County Fiesta this year (to be held September 23 to 26) will be in helping create a fiesta spirit by wearing the costume officially selected by the Fiesta committee and which is typically early Californian—the costume of the Spanish Dons.

I therefore proclaim that the proper dress for the people of our community to wear during the San Mateo County Fiesta Week shall be the Spanish ensemble.

P. G. SELMI, Mayor.

JUDGE RETIRES

President Roosevelt, Monday of this week, approved retirement from the bench of George Ewing Martin, chief justice of the United States Court of Appeals for the District of Columbia.

FORMER DALY CITY RESIDENT KILLS HIMSELF

Belief That His Recent Marriage Was A Mistake Thought Responsible For Self Destruction

A apparent belief that he had been hoaxed by his recent marriage and obsession in the belief that his bride had acted from a spirit of pique is thought to have been responsible for the suicide of a former Daly City resident, Sunday of this week.

The man had been cited by Daly City Police at a late hour Saturday night and his car taken from him and impounded in a local garage.

Arthur Kensler, 42, of 901 Naples street, San Francisco, formerly residing at 240 Miriam street, Daly City, swallowed poison in his room at the San Francisco address at an early hour Sunday morning of this week.

Kensler, a bridegroom of only four days, died in the Alemany Emergency Hospital shortly afterward.

The unfortunate man and his bride were married, Thursday of last week, in Reno. In a note he left the dead man stated that Mrs. Kensler confessed to him that she had married him to spite another. It is alleged she was to have been married on September 1, but she and the man of her choice quarreled and broke off the engagement.

The disheartned Kensler brooded over his troubles and ended them by taking strychnine.

The widow later denied that her wedding with Kensler had been a spite marriage. She said she learned after the ceremony her husband planned to allow her to continue working to support herself. She then decided she would have the marriage annulled and remained at her hotel while the man returned to the room he formerly occupied at another address.

The car was claimed, this week, by a San Francisco finance concern on a mortgage loan. It was turned over to them and removed to the latter city.

LAW VIOLATIONS ON BAY BRIDGE ARE INCREASING

An analysis of the 391 arrests made during July follows: Drunk driving, 22; drunk in car, 6; hit and run, 1; reckless driving, 41; speeding, 199; driving on the wrong side of the road, 44; auto theft, 2; disregarding stop signs, 34; illegal parking, 3; miscellaneous, 39. In addition to the arrests made, 1164 warning tickets were handed to motorists by the patrol.

ATTENDANCE AT STATE FAIR IS LARGEST EVER

Sunday Dedicated To American Legion And Educators Of California

Attendance at the California State Fair was reported to have set an all-time Sunday record at Sacramento the first day of this week, as vast throngs responded to a twofold motif—Patriotism and education.

The day was dedicated to the American Legion and the educators of California.

Interest fluctuated between drill team competitions of the overseas heroes on one side, and a State spelling bee on the other.

Educators, here from all parts of the state, forgot their dignity to stand side by side with the Legion-

CONFERENCE FOR INSTRUCTION AT NEARBY CHURCH

Seventeenth District Of Parent Teachers Association Holds Successful Session

An enthusiastic representation of the forty-one units in San Mateo County, Seventeenth District, Parent Teacher Association, assembled at 10:30 a. m., Friday, of last week, at the Methodist Church in Burlingame. At this School of Instruction the aims and purposes of the organization, together with the methods used in carrying on the work, were explained by the following directors of departments: Mrs. Elmer L. Miller, president Seventeenth District, assisted by Mrs. B. D. Ralston, first vice president, Programs; Mrs. Jeptha A. Wade, second vice president, Organization; Mrs. Holton Hornbeck, third vice president, Extension; Mrs. Frank J. Steele, fourth vice president, Public Welfare; Mrs. Stella Jensen, fifth vice president, Education; Mrs. W. G. Fuhr, sixth vice president, Home Service; Mrs. Ray Boulton, seventh vice president, Health; Mrs. F. L. Kneupfer, treasurer, Finance, and Mrs. Don D. Davis, Chairman of Publicity, with a guest speaker, Mrs. Mabel Ford Neal, representing the press, giving the requirements for better publicity.

Mrs. Elmer L. Miller, president Seventeenth District, presided at the general afternoon session close on the finish of a refreshing luncheon served by the ladies of the church and under the direction of the Reciprocity Chairman, Mrs. W. R. Newbold.

Relative to the theme, "Peace Thru Understanding," which was adopted at the state convention, Mrs. B. D. Bevil, fourth vice president of the state and director of public welfare, clearly and adequately summarized the work of her department. In this regard, she stated that if the 237,000 members in California alone would intelligently sift right facts from wrong fancies often expressed as news and would insulate their minds against war propaganda a progressive step would be taken toward peace. Aids to good citizenship are many, such as co-operating with and supporting schools; promoting of character building groups; observing of Armistice Day as a cessation of war; inviting the foreign families in the community to participate in local activities under the guidance of group directors; encouraging safety education in elementary and especiallly in secondary schools. Mrs. Bevil added that if the community would want for all its children what the wisest and best man wants for his child and that if parent education classes were promoted extensively, juvenile delinquency could be combatted. All should remember the family that plays together, stays together; thus the security and peace for which we are striving may be attained.

"What the District Does For Locals" was the topic of a short talk by Mrs. L. G. Owen, first past president and member of the advisory committee. Mrs. R. D. Richards, junior past president and chairman of P. T. A. in elementary and rural schools, mentioned three things that the locals can do for the district, namely: attend district meetings, give financial aid to the district and

Strange Happening

Sophie Fillipowiez, aged 13, was taking a short cut to her home at Kenosha, Wis. She crossed a spur track of the Milwaukee Railroad near there.

She didn't know anything out of the ordinary had happened, but it had. As she walked along the roadbed a passenger train was switched off the main line and struck her with such force she was hurled 30 feet.

Her only injuries were a few scratches made by cinders which she brushed off and continued on her way.

CITIZENS ARE TO EAT DOUGHNUTS OVER WEEKEND

With the enthusiasm of youth, the girls of Daly City Girl Scout Troop No. 2, have swung whole-heartedly into their Doughnut Sale Campaign and have disposed of so many advance orders for doughnuts to be delivered tomorrow, Saturday, September 11, that the majority of Daly City families will have doughnuts on their menu either on Saturday or Sunday morning for breakfast.

Besides being busy delivering doughnuts on Saturday, the Girl Scouts have made arrangements to sell doughnuts in Milo's Market all that day. They will sell either sugared or plain doughnuts at a nominal sum. All proceeds of this sale will be turned directly into their troop general fund to be used, as seen fit by the members and their leaders, for the purchase of necessary equipment for the betterment and advancement of Troop No. 2, or for community service, as the occasion arises.

If you happen to be one of the unfortunate Daly City citizens who, through some chance, have not as yet come in contact with one of these eager Girl Scout "doughnut-sellers," let not the opportunity escape, but take a little walk into Milo's on Saturday, stop and talk with them, buy their doughnuts and take the stride of being in style with the rest of the good citizens of Daly City by eating goodies which will help the girls to help themselves.

Also mention was made that the choral group will sing with the Fiesta chorus at 7:30 Friday night in the music room at the San Mateo Junior College. Mrs. B. D. Ralston, program chairman, expressed her appreciation for the cooperation of the units in outlining programs so early in the year and announced that a conference would be held September 13 at 1:30 at the library in Burlingame, for the purpose of further aiding the locals to perfect their programs. Mrs. Miller and the other directors will be present.

"P. T. A. In High Schools" will be discussed at the home of Mrs. R. L. Holder, district chairman, residing at 116 Bayswater, Burlingame, at 2 o'clock the afternoon of September 10, with Mrs. J. J. Garland, state chairman of P. T. A. in high schools, as the speaker.

The first regular meeting of the district will be September 17, in the Burlingame High School, under the direction of the Department of Public Welfare.

Shower Is Given For Bride-Elect

Miss Theresa Fontana of Station avenue was feted at a surprise bridal shower given at the Colma Community Center by Mrs. Norma Dorenzi and Miss Mildred Balestra, Wednesday evening of last week.

Miss Fontana, who will shortly become the bride of Mr. Jerry Manini of Bayview, San Francisco, was showered with a beautiful array of gifts.

At the close of the evening, the guests numbering about 60 were seated at a long table which was decorated in white. The centerpiece, a tiny bride seated in a silver arch, and the place cards were all skillfully fashioned by Mrs. Dorenzi. An array of white stock completed the decoration.

The wedding of the young couple will be solemnized on Saturday, October 2, at the church of SS. Peter and Paul in San Francisco.

500 Masked Men Probably Are Liars

The first Labor Day parade in Detroit, Mich., to be held since 1916, consumed an hour to pass a given point.

Marching in the midst of nearly 8000 marchers were 500 men wearing masks. They carried signs which indicated they were employes of Ford Motor Company, who "masked to protect our jobs, our wives and our children."

The motor will tend to overheat when the radiator becomes clogged with bees, butterflies or other accumulations.

RECENT REPORT DECLARES ROAD LIGHTS NEEDED

Report To President Stresses Highway Lighting For Safety And Prevention Of Crime

"At least 35 per cent of fatal night accidents, it seems reasonable to believe, should be prevented by provision of adequate highway lighting," according to a report on Technological Trends recently submitted to President Roosevelt by the National Resources Committee.

Statistics compiled by Travelers Insurance Company and the National Safety Council prove the relationship of visibility to night fatalities, which in 1935 numbered 21,480 and comprised over 60 per cent of the total day and night traffic deaths, even though only one-fifth of the twenty-four hour traffic is on the road after dark.

It was also observed that fatality experience was about the same for summer months of May, June and July as for winter months of November, December and January; with the important exception that between hours of 5 to 8 p. m. fatalities were 58 per cent higher in the winter months when it is dark than in the summer when it is light, and despite the fact that traffic volume is considerable less in winter. The report estimates that a reduction of 47 per cent in night fatalities during the winter period could be expected if sufficient light were supplied.

"While extension of highway lighting may be justified on the basis of cold dollars-and-cents economics, based on anticipated reduction of night accidents, numerous other social effects may be expected," it is declared. The report continues to mention advantages resulting from reduction in highway crime, more efficient utilization of highways, increased comfort and enjoyment in night driving. Estimates show that about 80 per cent of traffic moves in the daytime compared to 20 per cent at night, indicating that the tremendous investment in our highway system is largely wasted in hours of darkness.

FARMERS ARE ADVISED TO DO LESS PLANTING

Probable 1938 AAA Conservation Program Requirements Outlined By Officials

California producers of winter wheat and such crops as cotton and sugar beets are advised by the Agricultural Adjustment Administration to consider probable provisions of the 1938 Agricultural Conservation Program in making plans for plantings this fall.

Seedings of soil-depleting crops not to exceed 80 per cent of the 1937 soil-depleting base acreages are suggested by AAA officials. Provision for soil-depleting acreages are expected to be lower in the 1938 program than in 1937.

Most farmers who keep seedings to 80 per cent of the 1937 soil-depleting base should qualify for the 1938 program. However, individual farmers who have large percentages of their crop land in soil-depleting bases will find it necessary to make a greater adjustment in order to meet 1938 program requirements.

Plantings for 1938 of 80 per cent of 1937 soil-depleting bases are suggested at this time to guide farmers who need this information in advance of announcement of full details of the 1938 Agricultural Conservation Program.

Approximately 2,000,000 acres of fall plantings are made by California farmers.

An outline for the 1938 program is now being developed in Washington. In drafting the 1938 plan, consideration is being given to recommendations presented by California farmers at a conference held in Berkeley, July 19 to 21.

TO GIVE YOUNG BALL PLAYERS NEW SCHOOLING

Camps Will Be Established In Various Sections By Big League Team

Following up its pioneer work of other years along the Pacific Coast, the Cincinnati Reds organization is to give openings this fall to young ball players on a greater scale than ever. The Durham (Class B) and Muskogee (Class C) clubs, both owned outright by Cincinnati, and the Bisbee club (Class D) are conducting no fewer than seven tryout camps at strategic points covering the entire region west of the Rocky Mountains. Within that area, from Canada to Mexico, it is hoped that boys of ability, between the ages of 17 and 21, may attend the camp nearest their homes. A special invitation is issued to boys of the less populous communities who rarely have an opportunity to display their wares before the professional scouts. The camps are to be held as follows:

Berkeley, Calif., September 13 to 18.

Salt Lake City, Utah, September 21 to 26.

Butte, Mont., September 28 to October 2.

Spokane, Wash., October 4 to 8.

Bend, Ore., October 10 to 14.

San Bernardino, Calif., October 18 to 23.

The Cincinnati organization inaugurated the camp system in the Far West with single fall and winter camps in 1934, expanding last fall to six camps over the entire Pacific Coast area, from Washington to Arizona. New territory, farther in the interior, is to be tapped this fall. As a result of its operations, some eight boys have been given an opportunity to break into professional baseball. Some of them have had astonishing success. Scarsella, a busher of 1934, was the Cincinnati first baseman in 1936, while another busher of 1934, Lee Grissom, is the sensational freshman southpaw of the majors in 1937. Others are on their way, advancing since first signed from clubs in Class D to B, A and AA leagues. But for the opening provided by these camps, many of these boys, like the well known rose, would have been "doomed to blush unseen."

The camps will be in charge of Mickey Shrader, Bisbee manager, with such advisers as Bobby Wallace (one of the two or three greatest major league shortstops of all time), Ben Tincup (famous Indian pitcher, formerly in the majors) and other scouts and managers in the Cincinnati system. At each camp four or five games a day, of four or five innings each, will be played. There will be no tuition charge, but boys will be expected to furnish their own uniforms, gloves and shoes, as well as pay their transportation and living expenses. Economical arrangements for them will be made in all cities where the camps are located. Those who show sufficient ability will be offered contracts with one of the three minor league clubs sponsoring these camps or with other clubs in the Cincinnati system. All players, it is hoped, will at least learn something as a result of their attendance at the camps.

These camps are being organized by the Pacific Coast agent of the sponsor clubs: Charles E. Charman, Box 904, Orinda via Berkeley, Calif. All inquiries about the camps should be addressed to him.

Jefferson Indians To Play In North

This evening (Friday) the Jefferson Indians travel northward for a night game with Vallejo.

The teams will leave the school in two special buses at about 4 o'clock. The coaches plan to take four teams to Vallejo, two freshman-sophmore teams who will start their game at 6:30, and two varsity teams who will begin play at 8.

Judging from newspaper accounts about Vallejo, and this being the Indians first night game, they possibly will be up against some tough competition. But if the Indians keep up the good spirit and hard playing that was shown last week they have an excellent chance of returning home with a victory.

The starting line ups:

Papooses—Pietsch, c.; Bannantine, r. g.; Podding, l. g.; Dykeman, r. t.; Harrison, l. t.; De Martini, r. e.; Rigler, l. e.; Giusti, q.; Rozzari, r. h.; Lemos, l. h.; Christian, f.

Varsity—Wilson, c.; Eldrup, r. g.; G. Smith, l. g.; Olson, r. t.; H. Smith, l. t.; Clark, r. e.; McCune, l. e.; Wrigh, q.; Simpson, r. h.; Campagno, l. h.; Wansburg, f.

PROBLEM OF JOBLESS HANDLED WITH CARE

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Canada has a National Employment Commission that has attacked the pressing necessities of the unemployed in a scientific manner. An attempt is being made to place the relief administration of the country on an economical basis. One of the principal aims of the administration will be to reduce materially the number of unemployed. Types of relief are divided into three groups:

For employable jobless, for farmers and for men and women apparently unemployable.

One part of the program that especially appeals to me are plans for the training of youth. It is expected half of the funds provided for by appropriations will be used for boys and half for a group between twenty-five and forty-five.

Local voluntary committees are being created, each having a knowledge of the locality's special conditions. The committees will co-operate with the National Commission.

Among the plans contemplated are occupational training, "learnership" courses not exceeding one year to provide theoretical training concurrent with employment, work projects incorporating reconditioning, training and conservation features to restore morale and conserve natural resources, and training projects of a physical nature to assist in maintenance of health and morale pending employment.

The commission has made a plea for control of grants to the various provinces in order that oversight may be given to the expenditure of the funds.

With the announcement that Hungary was making overtures toward paying off its war debt to the United States hope is growing that eventually the larger nations of Europe will see things in a different light. Hungary owes a small amount compared to Great Britain, France and other defaulters and even does not promise to pay off at a very rapid rate. It is planned to send over $20,000 annually to Washington, which is about 20 per cent of the sum due each year.

One view of the matter is that Hungary, which has been making progress toward getting on an even keel once more in a financial way after a series of revolutions, was fearful of offending powerful governments with which she has diplomatic relations.

Another view and the more likely is that the great nations of Europe owing huge amounts to Uncle Sam hinted to Hungary that such a move would be an indication of what the other countries were planning to do later on.

The loan to Hungary, similarly to the loan to Finland, was to buy food for a starving population. As is well known, Finland meets all required payments punctually and without any kind of quibbling.

Former Daly City Boy Wed In Berkeley

The Little Chapel of the Flowers in Berkeley was the scene of a pretty wedding, Friday evening of last week, when Miss Helen May Fox became the bride of Easton Allen Campbell. The bride, who was preceded up the aisle by two brides maids and the matron of honor, was given away by her father. She looked charming in a silk net over white satin gown with long flowing train of the same material. A beautiful coronet of seed pearls and lace held the long net veil in position. She carried a shower bouquet of white roses, bouvardia and lilies of the velley.

Mr. Campbell was born in Daly City and lived here for many years until his parents moved to Oakland. His old friends here wish for both bride and groom a happy future.

ATTRACTION TO COME TO CLOSE SATURDAY EVE

Next Week's Entertainment Will Consist Of A Program Of Dance Recitals

"Power," the current dramatization of the electric power industry at the Alcazar Theater, will end its four weeks run tomorrow night to be followed by the first appearance in northern California of the newly organized Federal Theater Dance Unit in a series of arrangements by the famous dance recitalist, Myra Kinch.

A group of 35 artists, all of whom have been acclaimed for their finished work on the occasion of their first appearances in Hollywood, make up the group that will be seen on the stage of the Alcazar. The Unit was called upon to play a return engagement in Hollwood.

Miss Kinch, who arranged the various dances, is state supervisor of dancing units of the Federal Theaters. Before joining the government theater she had won renown in European and American centers as a solo artiste in many recitals.

The program will consist of three divisions, namely—Dance Satires, Divertissement and An American Exodus. The last name is an arrangement in which Miss Kinch leads. It depicts the long trek across the plains of the early Americans.

This engagement is for six nights only.

Motion Picture Is Shown At School

Visual education has taken an early and important place in the activities of the Woodrow Wilson Elementary School. Classes of the school enjoyed and acquired knowledge from a film entitled, "Behind the Cup."

The film told in graphic and pictorial form the life history of the coffee bean from the time the bean was planted in January and February until the crop was ready for market and, incidentally, our table five years later. The interest of the film was further enhanced by actual samples of the coffee bean in its various stages.

Teachers who are employing this modern visual method in the teaching of their subjects are to be definitely recommended and encouraged, for this is without a doubt a modern educational technique in the learning process of the present day child.

OBSERVATION OF VARIOUS THINGS IN OUR CAPITAL

Vacationing In Washington For The "Stay-At-Homes" Suggested By Park Official

(By Hart Goodrich)

A very interesting vacation plan has been conceived by Edward J. Kelly, National Capital Parks official, for the "stay-at-home-and-like-it" Washingtonians. He has outlined a day by day program for a two weeks vacation to include golf and tennis, swimming almost every afternoon, and horseback riding on some of the most beautiful bridal paths in the country.

For the hiker, interesting hikes are included; for bicycle enthusiasts, beautiful rides are suggested, one in particular which has the thrill of fording Rock Creek in several places. Even fishing is provided from the sea wall in Potomac Park, the Tidal Basin rimmed by the famous Japanese cherry trees, or the Washington Channel, anchorage for the many pleasure craft of the city.

Picnickers are amply provided with a choice of over 50 parks in Washington where outdoor fireplaces and tables make picnics more enjoyable.

An army polo game free to the public, is played three afternoons a week in the summer, as well as any number of baseball games scheduled on the baseball diamonds here.

Nature walks with some of the country's foremost naturalists are held in the afternoon for both children and adults.

The evenings can be filled with concerts by the Army and Navy bands, also the U. S. Marine Band, which is popularly known as the "President's Own Band." Each week the Sylvan Theater, in its natural outdoor setting, just below the Washington Monument, presents a colorful operetta, dance group or play. Every Monday night a Federal project "swing" orchestra provides music for free pavement dancing on South Elipse road, between the Washington Monument and the White House.

L. A. Youth Dies In Smokestack Plunge

Burrel Allred, 16, Los Angeles high school youth, waved gaily to his mother from atop a smoke stack where he was painting with his father. The mother snapped the above photo of them. Five minutes later the boy lost his hold and fell screaming past his father ten feet below. Trying to catch the boy, the father almost lost his own balance. Young Allred crashed on a platform far below, died from a broken back a few minutes after arriving at a local hospital.

Campfire programs are scheduled throughout the summer at Pierce Mill, lending a true vacation touch to the schedule.

While the capital, no doubt, is ideally suited for a "say-at-home" vacation, it seems to this writer that Daly City residents might well work out a similar vacation, planned to include the marvelous facilities of the peninsula, the Eastbay and Marin County.

FLORIDA PLANT AIMS AT "SPORTING" POLICY

By J. W. MARCHBANK

Some of the ideas of Joseph E. Widener are commendable, some are not so good. Among his notions that should receive wide approbation is one that there should be a wider distribution of purse money, which simply means increase whenever possible in overnight events. Whatever the breeder says is pertinent, as he is president of the Miami Jockey Club and puts on a show each winter at the Hialeah course.

In explaining his position as to purses, Mr. Widener recently said:

"The Widener has reached its peak value. I truly believe that racing will benefit best by making it possible for a larger number of horsemen to participate in the purse distribution rather than a few."

The Widener is renewed each winter at the Florida track. Last season it was raised in value to $50,000 from $25,000 and there had been rumors abroad it might be increased even more. The announcement of the Miami Jockey Club president shows the object down in the everglades is to steer away from offerings that do no good to the turf.

One of the chief aims of each race track management should be to encourage new people to come into the game, possibly breeding their own colts. The more breeders, the more healthy the atmosphere of the sport.

One factor helping in making the pastime permanent should never be overlooked. As I have pointed out many times, every farmer in the state would derive a lot of pleasure and probably not lose any money if he owned a thoroughbred mare or two. I have always made it a point at my Heather Farm to make it as easy as possible for farmers to send their matrons to the court of one of my well bred stallions.

"Human Bomb" Crashes House In Plane Leap

Standing in her kitchen, Mrs. Mary Carsen of Los Angeles heard a crash, turned to find the body of a man fallen from the sky through the roof of her home. It was that of Raymond L. Corlett, 37, who jumped 800 feet from an airplane. He paid Pilot William Gage $5 for a ride over the city. When Corlett attempted to jump from the plane, Gage struggled unsuccessfully to prevent him, almost losing control of the ship as it rolled and dipped. Photo shows the shambles of the kitchen where the "human bomb" fell.

PRODUCTION AT LOCAL THEATER IS FIRST SHOWN

To Have Limited Engagement At Curran Before Going To New York For Fall Opening

When Walter Huston appears in "The Miles of Heaven," David Hertz's new play at the Curran, San Francisco audiences will have an opportunity to witness the noted star in one of the most important productions of the year, before it is taken to New York for a Broadway opening this fall.

The celebrated star of "Dodsworth" and other hits will appear in person on the Curran stage for a limited engagement, beginning Monday night, September 13.

The play will come to San Francisco from a tryout at the Lobero Theater in Santa Barbara. Authored by David Hertz, a youthful writer now under contract to Goldwyn Studios, the story is based on the life of William Herschel, noted seventeenth century astronomer.

Nan Sunderland (Mrs. Walter Huston), who appeared with her noted husband in "Dodsworth," will again enact an important role in "The Miles of Heaven," along with Barbara O'Neil, celebrated New York actress.

Staging of the important production is under the direct supervision of Arthur J. Beckhard, who is famous for having given New York some of its biggest hits, including "Another Language," "Spring in Autumn" and "Carrie Nation."

CHURCH IS SCENE OF BEAUTIFUL WEDDING HERE

One Of Daly City's Most Talented Girls Joined In Marriage To Popular Youth

Miss Mildred Swan of Daly City became the bride of Einar H. Hanson, also of Daly City, Saturday evening of last week, at a beautiful ceremony performed by Rev. A. A. Mitchell at Grace Presbyterian Church.

The bride, given in marriage by her father, Thomas William Swan, was dressed in a white lace gown made on princess lines. She wore a fingertip veil and carried a bouquet of gardenias, lilies of the valley and bouvardia.

Mrs. Evelyn Goff of Los Altos, a cousin of the bride, was the only attendant. She wore a Nile green net dress over taffeta, with a matching halo. Her bouquet was of talisman roses and bouvardia.

Manfred B. Hanson was best man and Ernest Swan, the bride's brother, was the usher.

The bridal party stood in front of a massed bank of white hydrangea and pink amaryllis.

Soloists at the ceremony were Mrs. A. A. Greig and Mrs. Orvilla D. Pauw. Miss Corinne Pauw presided at the piano.

The bride's mother, Mrs. Swan, was dressed in a becoming frock of navy blue, with matching hat. She wore a gardenia corsage.

Mrs. B. Hanson, the bridegroom's mother, was in powder blue, trimmed with silver, also wearing gardenias.

The reception was held at the home of the bride's parents, immediately following the ceremony, for members and relatives of the family.

The newlyweds will live in Daly City on their return from their honeymoon.

STEERING TROUBLE

JEFFERSON HIGH BOW TO BALBOA FOOTBALL TEAM

Large Number Of Spectators Witness Well Played And Hard Fought Contest

On the Jefferson Union High School gridiron, before one of the largest football crowds that ever attended a game there, the Jefferson Indians lost their first practice game to the powerful Balboa eleven, Thursday of last week.

The score of 6 to 0 brings out the story of a struggle of two well coached teams. Balboa, highly praised A. A. A. team, was a pregame favorite to take the Indians into camp, but found a bunch of fighting redskins throughout the game.

The bad luck which dogged the Indians heels last year seemed to have stuck around for the beginning of this season. Due to numerous penalties and a few bad breaks, Jefferson was held in their own territory for the major part of the first half. In the third quarter Jefferson unleashed a magnificent offensive power and moved deep into Balboa territory only to be thwarted by a Balboa interception of a Jefferson pass.

Balboa got their chance in the last quarter, when, after a series of completed passes and line bucks, they came deep into Jefferson territory. An evenly recovered fumble loomed between Wilson of Jefferson and Francis of Balboa, but a referee's decision gave the ball to Balboa, giving Francis a chance to go over from the one-foot line for the only tally of the game.

George Balleto, who will be out for a while with a dislocated wrist, played an outstanding game at fullback. Stan Simpson, Clarke and McCune at ends, Glen Smith at guard and Dick Wilson at center all brought looks of satisfaction from Coach Mathew by their capable playing.

Watch Blind Walkers Holding White Canes

Motorists are advised by the Public Safety Department of the California State Automobile Association that drivers are held responsible by law for taking all necessary precautions and granting the right of way at all times to blind pedestrians carrying white canes.

The law provides that the driver of any vehicle who approaches a person wholly or partially blind, carrying a white cane or walking stick, or white tipped with red, must immediately come to a full stop and, before proceeding, must take such precautions as may be necessary to avoid injury to the blind person. The use of white canes, or white canes tipped with red, is reserved by law to the blind or partially blind.

Judge To Lecture In Local School

A cordial invitation is extended to every citizen and organization in Daly City to hear Judge Michelson speak on "Narcotics."

You are assured of a very instructive as well as an interesting evening. You will hear of the ever increasing dangers and evils of the dope traffic, and will be amazed at the facts and figures concerning narcotics, as presented by Judge Michelson in his lecture.

This subject is of vital importance to everyone and we hope you will have the good fortune to be present at the Jefferson Union High School, Tuesday evening of next week, September 14, at 8 o'clock.

The fan belt plays an important part in the operation of a motor and it is not always possible to find a belt for the particular car at every wayside garage.

Injuries Handicap Local Ball Players And Two Absent

Daly City Loses Tough Game By Close Score—Last Inning Rally Fails To Stem Off Defeat

In a well played game at the Jefferson Union High School diamond, last Sunday afternoon, the St. James C. Y. O. ball team hung a defeat on our Daly City Tanforan Juniors by a score of 4 to 3.

The local team was handicapped by the absence of two regulars, Long at first base and Johnson in the short patch. Injuries also played a part in their failure to be up to full strength. Krohn had the misfortune to pull two ligaments in his left wrist, while Gerstenberg was suffering from blood poisoning in his left arm. Both players, however, gamely entered the fray and gave good account of themselves, both offensively and defensively.

Gerstenberg accounted for a screaming double and Krohn got two out of four times at bat.

In spite of these handicaps the home players put up a bang up brand of baseball and gave their opponents a hard tussle throughout.

Caustic Attack On President Results In Ousting Speaker

While delivering a Labor Day address at Riverside, Calif., Monday of this week, George H. Higgins, a Los Angeles attorney, digressed to start a caustic attack on President Roosevelt and the New Deal. Incensed at the injection of political remarks, the AFL committee directing the meeting asked him to retire from the speakers stand.

He was followed immediately on the program with a warm defense of Roosevelt by Congressman Harry L. Shepperd of the Nineteenth district, who praised the President as a man who "has done more for labor than any man you ever had in the White House."

Dwindling Ranks Of Civil War Veterans

When the seventy-first encampment of the Grand Army of the Republic opened at Madison, Wis., Saturday of last week, fewer than 200 veterans of the war between the States answered the roll call. The opening session of the five-day meeting was given over to religious and memorial services. The principal event was the memorial ceremony, on Saturday evening, in which the theme was the life of Abraham Lincoln.

Many of the veterans attended special church services, then retired to easy chairs while the Woman's Relief Corps dedicated six trees in Vilas Park in honor of the G. A. R. commander in chief, C. H. William Ruhe of Pittsburgh; two past commanders, Lucius Fairchild and A. G. Weissert, and the corps' own past president, Charity Rusk Craig and Belle W. Bliss.

"Although time has thinned your ranks it has not dimmed the glory of your heroism and patriotic devotion," Governor Philip La Follette said in a message of greeting to the veterans.

Former Deputy Files Suit Against Sheriff

The latest chapter was written, Wednesday of this week, in the row over policing of unincorporated districts in the southern section of the county.

Sheriff James J. McGrath and two deputies, Hugh Williams and Richard Arnold are confronted by a damage suit for $25,000. The suit was filed by Robert P. Dickson, manager of the Woodside patrol service and a former deputy sheriff. He alleges false arrest.

Sheriff McGrath denied an arrest had been made. He said his officers simply had disarmed Mr. Dickson on the sheriff's orders.

The sheriff had Mr. Dickson disarmed and revoked his deputy sheriff commission during the last month, charging the Woodside patrol was attempting to operate in other sections and declaring the sheriff's office was capable of maintaining the peace. Mr. Dickson denounced the sheriff's action as "politics."

Three Times, Out!

At Los Angeles, this week, a despondent man, Marsden E. Smith, decided he had nothing more to live for.

He pressed the muzzle of a revolver against his forehead and pulled the trigger. He was disappointed when nothing happened. Again he pulled the trigger, with the same result. He tried again and to his surprise the pistol discharged. He was counted out on the third try.

Novel Suicide Method

Sunday night of this week, at Los Angeles, Carl D. Yeargin, a North Carolina itinerant machinist decided to die.

He tightly closed the trailer in which he was traveling and arranged an alarm clock to drop poison crystals into a bowl of acid by a trigger and string contrivance at a given time.

While he slept the alarm went off at 2 o'clock a. m. and caused the poisonous fumes to generate and bring death from inhalation.
